General Family Vertical Files Finding Aid

Location: Office Filing Cabinets

Scope and Content

This collection is comprised of a wide variety of pamphlets, documents, and correspondence relating to Norwich, Vermont, families. There are original documents as well as photocopies of genealogical correspondence, family trees, newspaper articles, obituaries and other materials. Some family files have lots of materials, other don't. Note that NHS also has an additional collection of Family Archives when there is a substantial amount of original family materials. Family researchers should check, the Family Archives Finding Aid, and the Photograph Collection Finding Aid.

Arrangement

Names are filed alphabetically and filing cabinets are labeled. The materials are stored randomly within the folders.
